

Know Your Benefits Wherever You Are

The LifeGuides App establishes a direct mobile channel for employee engagement, while providing easy access to benefits offered for managing healthcare, retirement, wellness, and other aspects of work life.

Benefit Guide
Allow employees to view all benefit options

Medical
Medical coverage & plan options

Dental
Dental benefit offerings

Vision
Vision benefit offerings

Prescriptions
Complete breakdown of all prescription plans and benefits

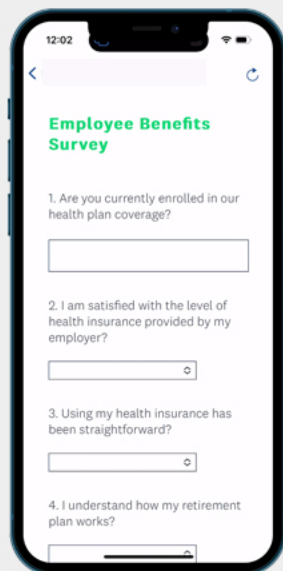

Wellness
Grant easy access to health and wellness tips

LifeGuides Additional Features:

In-App Surveys

The LifeGuides App features easy to use, and fully customizable surveys in the app. Users fill out the survey on their phone and results are sent directly to your contact of choice.

Push & In App Messages

The LifeGuides app offers powerful push and in-app messaging. It enables human resource professionals with a direct channel to the employee's smartphone for company-wide and even segmented alerts by region and types of employees.
