

# Know Your Benefits Wherever You Are

The BenefitsApp establishes a direct mobile channel for employee engagement, while providing easy access to benefits offered for managing healthcare, retirement, wellness, and other aspects of work life.

**Benefit Guide**  
Allow employees to view all benefit options

**Medical**  
Medical coverage & plan options

**Dental**  
Dental benefit offerings

**Vision**  
Vision benefit offerings

**Prescriptions**  
Complete breakdown of all prescription plans and benefits

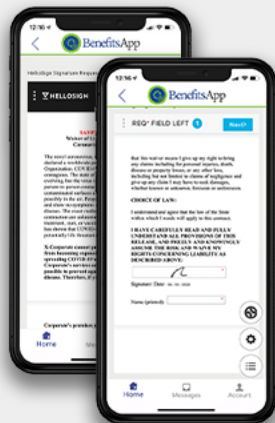

**Wellness**  
Grant easy access to health and wellness tips

## BenefitsApp Additional Features:

### Digital Signature

Any documents you need to be signed by employees, such as acknowledging work policies, open enrollment documents or HR compliance documents, can be signed with a touch of their finger, right in the App.

### Push & In App Messages

The BenefitsApp offers powerful push and in-app messaging. It enables human resource professionals with a direct channel to the employee's smartphone for company-wide and even segmented alerts by region and types of employees.
