

ScriptSourcing & BenefitsApp

Scriptsourcing and BenefitsApp are partnering to make it easier for your employees to save on prescription drugs.

ScriptSourcing programs are designed to provide affordable meds for your employees, which means not only will they have access to the drugs, but they will also be more likely to follow their prescribed doses.

BenefitsApp is a "Super App" that aggregates many separate apps into a connected ecosystem where you can streamline, control, and provide easy, direct access to all information employees need. Medical, Pharma, Dental, Vision, Retirement.

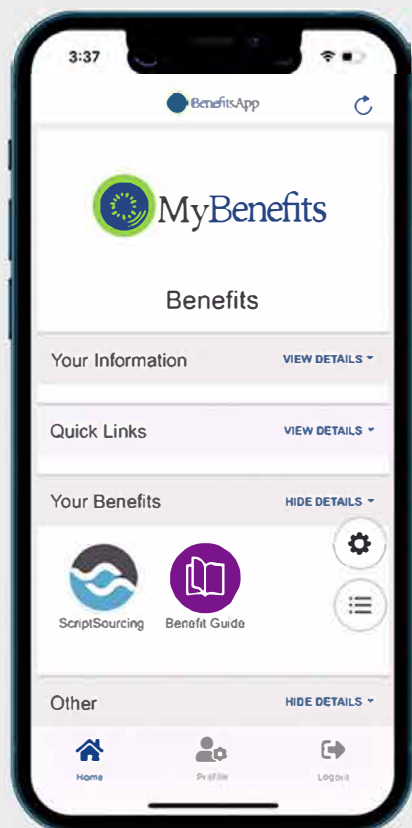

ScriptSourcing now available in an easy-to-use App.

BenefitsApp gives your employees easy access to all that ScriptSourcing has to offer.

- Complete your onboarding documents in the app
- Complete doctor authorization forms
- Schedule appointments
- Easy access to search for your medications
- Click to call and click to email
- Contact your plan administrator
